

DECLARATION FOR PATENT APPLICATION

As the below-named inventors, we hereby declare that:

My residence, post office address and citizenship are
as stated below next to my name.

I believe I am an original, first inventor of the
subject matter which is claimed and for which a patent is sought
on the invention entitled METHODS FOR ISOLATION AND LABELING OF
SAMPLE MOLECULES, the specification of which

_____ is attached hereto as Attorney Docket No. _____).

XX was filed on May 14, 2001, as Application
Serial No. 09/858,198
(Attorney Docket No. P-IS 4693)

and was amended on (or amended through) _____.
(if applicable)

I hereby state that I have reviewed and understand the
contents of the above-identified application, including the
claims, as amended by any amendment(s) referred to above.

I acknowledge the duty to disclose to the U.S. Patent
and Trademark Office all information known to myself to be
material to patentability as defined in Title 37, Code of Federal
Regulations, Sec. 1.56.

Under Sec. 1.56, information is material to
patentability when it is not cumulative to information already of
record or being made of record in the application, and (1) It
establishes, by itself or in combination with other information,

a prima facie case of unpatentability of a claim; or (2) It refutes, or is inconsistent with, a position the applicant takes in: (a) Opposing an argument of unpatentability relied on by the U.S. Patent and Trademark Office, or (b) Asserting an argument of patentability.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

ASSIGNMENT

This Assignment is made by George J. Vella, of Medway, Massachusetts, Subhasish Purkayastha, of Acton, Massachusetts, and Sasi Pillai, of Littleton, Massachusetts, Assignors, to APPLERA CORPORATION, Assignee, having a place of business at 301 Merritt 7, Norwalk, Connecticut 06851.

WHEREAS, Assignors are three of the joint inventors of a new and useful METHODS FOR ISOLATION AND LABELING OF SAMPLE MOLECULES for which an application for United States Letters Patent was filed on May 14, 2001, in the United States Patent and Trademark Office, bearing Serial No. 09/858,198 and identified as Attorney Docket No: P-IS 4693;

WHEREAS, Assignors believe themselves to be three of the original joint inventors of the invention disclosed and claimed in said application for Letters Patent; and

WHEREAS, the parties desire to have a recordable instrument assigning the entirety of Assignors' right, title and interest in and to said invention, said application and any Letters Patent that may be granted for said invention in the United States and throughout the world;

NOW, THEREFORE, in accordance with the obligations to assign the invention and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignors sell, assign, and transfer to Assignee, the entirety of Assignors' right, title, and interest in and to said invention, said application, any applications entitled to benefit of priority to said application under Title 35, United States Code, Sections 120, 121 or 251, which include divisionals, continuations and reissues, and any Letters Patent that may be granted on said invention or these applications and any Letters Patent that may be granted for said invention in the United States and throughout the world, including the right to file foreign applications directly in the name of the Assignee and to claim for any such foreign applications any priority rights to which such applications are entitled under international conventions, treaties, or otherwise.

Assignors agree that, upon request and without further compensation, but at no expense to Assignors, they and their legal representatives and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing, or enforcing Letters Patent in the United States and throughout the world for said invention, and for perfecting, recording, or maintaining the title of Assignee, its successors and assigns, to said invention, said application, and any Letters

Patent granted for said invention in the United States and throughout the world.

Assignors represent and warrant that they have not granted and will not grant to others any rights inconsistent with the rights granted herein.

Assignors authorize and request that any United States or foreign Letters Patent granted for said invention, whether on said application or on any subsequently filed divisional, continuation or reissue application, be issued to Assignee, its successors and assigns, as the assignee of the entire interest in said invention.

IN WITNESS WHEREOF, Assignor has executed this Assignment on the date(s) provided below.
